

April 30, 2010**Dear Valued Customer,**

Your patronage is very important to us and we greatly appreciate and value the trust you have placed in our service network. Our nation and also the world have gone through an unprecedented economic recession. At Mobile Air Transport we were committed to working with you as your "Service Partner" to ensure survival and a bright future for all of our team members.

Now, more than ever, it is very important to maintain strong working relations with professional and financially secure carriers that will provide the consistent reliable service required to continue weathering the current business environment, and give you the peace of mind necessary to support your customer base. Mobile Air Transport gives you stability with over 30 years of industry expertise and knowledge, serving the Northeast Market area.

To meet the cost of providing transportation service and maintain our reputation as a quality carrier in our market area we find it necessary to adjust the General Base Rates and existing agreements by an average of 4.75%. This change will take effect on May 31, 2010 and replace the GBR in place since November 7, 2005. All new rates and accessorial schedules are available upon request, just go to www.mobileairtrans.com, click on "Request New Rates" and we will e-mail you the new schedules in PDF format.

I greatly appreciate your understanding and support at this time, and also make the firm commitment to work with you in any way when necessary, to provide the assistance and support needed to maintain your valued accounts. Together as a team we will face and conquer all our industry challenges.

Sincerely yours,

**John J. Ingemie
President**
